

# 10 WAYS TO USE FLY THROUGH THE BIBLE

## Read the Book

- 1** Read the book **on your own**, and make use of the questions for reflection at the end of each chapter if you wish.
- 2** Read the book with an **enquiring friend** – get a copy each and use the questions at the end of each chapter to prompt discussion.
- 3** Read the book with a **book group** – get a copy each and use the questions at the end of each chapter to prompt discussion.

## Download the Free App

- 4** Download the free interactive FLY app, with video clips and abridged content from the book, and enjoy using it whenever suits you. (You do not need the book to use the app, but you might want to get a copy so you can have the full text.)
- 5** Encourage an enquiring friend to download the free interactive FLY app, and work through it together at your own pace. (You do not need copies of the book, but they might be of interest if you want to read a little more detail than in the app.)

## Download the Free Small Group Guide and Videos:

- 6** Download the free small group guide, and take your small group through the book and related Bible passages over 15 sessions. Ideally, each group member gets a copy of the book, and reads a chapter before the relevant session. Then, watch Colin Smith recap the chapter in a short video (on the website, YouTube, or downloadable), before working through the Bible study passages and questions.
- 7** Use the small group guide with an enquiring friend. Each of you read a chapter, then meet to work through the session notes, including watching Colin recap the chapter in a short video.
- 8** If you are pressed for time, just watch the Introducing video for each chapter, which is under one minute.

## Download the Free Training Videos:

- 9** With a church group: Let Colin Smith take you through the content of the book, covering the three Parts in three 25 minute professionally recorded videos on our website. This will teach you the Bible overview in one evening.
- 10** With some enquiring friends: Invite a group around to watch the videos, which will cover the simple Bible overview in under 90 minutes.
